WEEKLY REPORT FROM THE HEAD TEACHER
Dear Parents & Carers,

Welcome back and what an amazing start to our summer term 2!

Year 5 enjoyed a dance taster lesson on Monday morning with our visiting dance teacher, Ellie.
Year 4 experienced life as an archaeologist's assistant in researching ancient Egypt on Tuesday.
On Wednesday, Year 3 immersed themselves in the life of the ancient Greeks and Romans.
Year 2 have started their new DT topic - cut, stitch and join and learning about designer Cath Kidson.
Year 1 have begun to learn their tennis skills on PE.
Reception have enjoyed writing about 'under the sea'.
Nursery have created some amazing tall structures in their construction play and as 1 type....
Year 6 have experienced an amazing World War II emission with VR headsets.

This has started summer term 2 of in the most fantastic way and I am delighted by the enthusiasm all the children are demonstrating in their learning.

Have a lovely weekend.

Best wishes,
Mrs Wallace

'Moments Matter, Attendance Counts'

NURSERY 3 YEAR OLDS

This week we have enjoyed construction play outdoors and building tall structures. We have been learning to write letters from our name and enjoyed playing with empty boxes.

RECEPTION - BEVAN

Reception have enjoyed learning about looking after our teeth. We have also been practicing number bonds to 10 and writing about 'under the sea'.

YEAR TWO - PEAKE

Peake class have been examining products that have been made from fabric for the start of their DT topic - Cut, Stitch and Join. They have also looked at pictures of objects by designer Cath Kidson and discussed the materials used and the designs chosen. They are looking forward to doing some sewing of their own later in the term.

Home product	How is this product used?	From which fabric is this product made?	What type of fastenings does this product have?	Is this product fit for purpose?	How do you think this product could be improved?
Bag	carry things to different places.	cotton	none	Yes	fastenings waterproof design
cushion	to sleep on to make chair comfortable	cotton	Zip	Yes	—
Hi vis	to be seen easily	polyester	Velcro	Yes	—

MAPLE CLASS

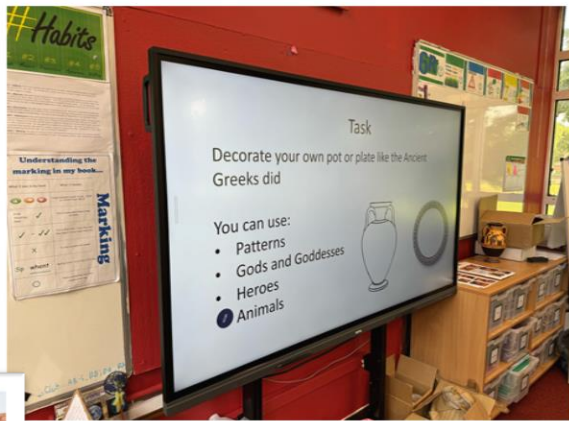

Maple Class

Our Topic this term is all about rivers. The challenge was to make a bridge strong enough to hold the heaviest troll and goat. We all used cardboard boxes and tubes.

YEAR THREE - DREW

On Wednesday, Drew class had the chance to immerse themselves in a Greek and Roman workshops which were led by under-graduates from The University of Warwick. Children got the chance to taste authentic Roman foods using recipes from the Roman Empire era. They also go to see how disgusting some Roman recipes actually were. Then we experienced a Greek workshop, children were taught about Greek Gods and looked at depth at Greek Pottery. A great experience for all! Well done Year 3.

YEAR FOUR HOPPER

Year 4 had an exciting start to the half term! This exciting story world adventure took the children into the past where they helped Hussain, assistant to the famous archaeologist Howard Carter, prepared for an archaeology dig at an Ancient Egyptian tomb. We planned a journey using an ancient map of Egypt, practiced hieroglyphs, bartered in an Egyptians marketplace for provisions, found out about Egyptian beliefs about the afterlife, explored original and replica artefacts, designed a cartouche on papyrus and created an artefact out of air drying clay to take home.

PIC·COLLAGE

YEAR FIVE - KING

King Class have nearly finished their carousels for computing. They've built the carousel and attached all the Crumble kit for the flashing lights and rotation of the wheel. They had a good attempt at programming them to flash and rotate but need to fix a few 'bugs' in the system next session.

YEAR SIX - FITZGERALD

As part of this year's Maafa and Britain at War topics, the children in Fitzgerald were lucky enough to participate in a VR experience. The technology immersed them into a range of themes including life in World War trenches and the ongoing presence and impacts of racism. A fantastic way to complete a super week!

Family Learning Courses

What is Family Learning? Family Learning offers courses and workshops for parents and carers to develop their understanding of how their children learn, through meaningful, practical activities. We help families to live their best lives by supporting parents to give their children the best start through a rich home learning environment. We empower parents through the acquisition of knowledge, understanding and skills to support their children's learning and development. We help learners to progress to further learning and employment — to contribute to a thriving local economy. Our courses and workshops are informed by research-based approaches to education.

Some courses are for parents and carers to attend alone and others are for families to attend together.

Here are some examples of the types of courses that we offer:

Literacy	Numeracy	Science, Food and the Environment	Art and Play	Parenting and Life Skills

Research a local or national charity that is important to you or your family.
You could prepare a speech for your class about the charity or design a poster to share why this is important to you. Perhaps you have donated your time or are planning to raise money for a charity that is special to you.

Design and make models

Age range: EYFS and KS1

Build a house using boxes and other materials. First though, you need to design the house. Before a house can be built, an architect has to draw what is to be built. You are to be architects! Draw the house then build their design.

Make a money box

Age range: EYFS and KS1

What you do: You'll need a box or can which you can make a slot in at the top for the money to go in. Together, decide how to create a flap through which the money box can be opened.

'Cook' granola pots

Age range: KS1

What you do: Choose a recipe to use - there are lots online. Prior to cooking discuss what you need to do (tie long hair back, wash hands, put on an apron). Then talk about what you're going to make, explaining why it's a healthy choice for breakfast or dessert. Look through the recipe together.

Design a boat

Age range: KS2

What you do: Select and look at pictures of boats. Search the internet together; look at different designs for various purposes. Look at the materials that are used for building boats, any pulley systems and sails. Design a boat for a specific purpose (travelling, fishing, exploring), thinking carefully about the materials you would use, the way the boat would travel and how many people would be able to travel in it.

★ ★ ★ ★ WEEKEND CHALLENGE 8 ★ ★ ★ ★

This week Mr Pegg is setting a desafio Español - Spanish Challenge.

Spanish is the second most widely spoken language in the world.

Do you know the days of the week in Spanish?

Can you teach them to someone at home?

★ ★ ★ ★ WEEKEND CHALLENGE 7 ★ ★ ★ ★

This week it is time for a geography challenge.

Can find a flag from any country in the world and draw or paint it?
What can you discover about your chosen country? Language(s) spoken, population, which continent, what is the climate. As much information as you discover.

Or you could create a junk model map or globe. Bonus points if you can add details like the equator, continents and oceans.

Will your entry make the new challenge display board?

★ ★ ★ ★ WEEKEND CHALLENGE 6 ★ ★ ★ ★

Inspired by the work of Georges Seurat, practice Pointillism at home using a cotton bud, some paint and paper! Draw out your picture and carefully fill it in with dots using the cotton bud.

Another idea is to take a sheet of patterned kitchen roll and use felt tip pens to follow the design!

WEEKEND CHALLENGE 5

Easter Holiday Homework

You have been working so hard this term. It's time to take a break, sit back, and enjoy a couple of weeks on holiday! Here are some things we hope you manage to tick off:

- On a rainy day, go outside and splash in puddles.
- Make Easter cakes and share them with your family.
- Go for a long walk with your family.
- Wear your pyjamas all day!
- Help your family to cook a delicious meal.
- Make a den out of duvets and blankets.
- Have a sleep over on a week night!
- There are lots of birds and animals out this time of year – see how many you can spot in your garden or local park.
- Have a board game night and stay up late.
- Use your Easter egg boxes to make something interesting.
- Have an Easter egg hunt in your garden.
- Watch your favourite film and eat some Easter chocolate.
- Do something kind for a loved one.
- Help out the creepy crawlies in your garden and make a bug hotel!

Easter is a special time of the year for Christians.

Share with your teacher how you and your family choose to celebrate it.

Can you find out why this festival is so special to Christians?
Make a video, PowerPoint, poster or story.

You could also try some of the crafts and suggested attached!

★ ★ ★ ★ WEEKEND CHALLENGE 4 ★ ★ ★ ★

Why not put those bits and bobs lying around the house to use this weekend by exploring the countless pleasures of creating your very own musical instrument.

We look forward to seeing your creations

WEEKEND CHALLENGE 3

History Detectives

For the weekend challenge this week, we will be focusing on history. Miss Porter would like you to research a local person of interest - Shakespeare, Jephson or Whittle are some names for inspiration.

You can draw a picture, create a non chronological report, show off your computing skills and create a PowerPoint or see if you can write a set of clues for us to try and guess who your person of interest is.

Dr Henry Jephson

Sir William Shakespeare

Sir Frank Whittle

★ ★ ★ ★ WEEKEND CHALLENGE 2 ★ ★ ★ ★

Here is a lovely science activity you can do at home. Children of all ages can have a go, but you will need adult supervision as scissors will be needed. I would love to see some pictures of your parachute creations, please email them to the office: admin@lillingtonprimary.com.

Awe and Wonder Plastic Bag Parachutes

You will need:  A square of plastic bag material  A plastic person  String  A hole punch  Scissors

The Science Bit

When you release the parachute the weight pulls down on the strings and opens up a large surface area of material that slows down the person. The larger the surface area the more air resistance and the slower the parachute will drop.

Method:

1. Cut off across the corners of the square, creating an octagon shape.
2. Hole punch in the middle of each side.
3. Put a piece of string through each of the 8 holes and tie.
4. Gather the 8 pieces of string together and tie to your plastic person.
5. Cut out a small circle from the centre of your parachute to let air pass through gently.
6. Get up somewhere high, on top of a climbing frame or up some stairs.
7. Hold the centre of your parachute, with the person underneath. Let go and watch how they travel to the ground.
8. Does the parachute open? Does the person travel fast or slow? Does the person go straight down or to one side? Does it spin? What could you do differently?

Blindfolded Obstacle Course Orienteering Activity

Equipment: blindfolds – per pair; cones, low level hurdles, hoops, beanbags

Preparation and set-up: Use the equipment to set up a range of different courses for the children to direct their partner through - see the example course shown.

What to do:

- Organise the children into pairs, with a blindfold per pair.
- Prior to having a go at the obstacle course blindfolded, let the children familiarise themselves with wearing a blindfold and directing one another. The first command they should practise is 'Stop'.
- Use one of the courses, already set up, to explain the activity.
- Children take it in turns to direct their blindfolded partner through the course.
- The aim is for the blindfolded child to work their way through the course, without touching the equipment.
- Encourage the use of directional language, such as forwards, backwards, left and right.

Directions:

- Zigzag in-between the cones.
- Step inside each of the hoops.
- Step over the hurdles.
- Walk 360° around the beanbag.

Differentiation:

- The courses that you set up can be as easy or as challenging as you wish to make them, by varying the number of obstacles you include and how close together or far apart the equipment is laid out.
- Add a timed element for completing the courses. For this, you may want to have several smaller courses set out. To ensure safety, emphasise that the children are racing against a clock and not other pairs.
- Children set up their own courses, to gently guide their partner through.

Emphasise to children the importance of always keeping their blindfolded partner safe, by getting them to stop if there are any objects or obstacles in their way that might be a trip hazard or that they could bang into.

Here you'll find a super simple and easy to use blindfold challenge for your own children.

This orienteering activity is a perfect way to encourage teamwork with your children, as they partner up and guide each other through the activity.

It is also the first steps into simple computer programming!
